**CORRECTED CERTIFIED INDEX
TO THE ADMINISTRATIVE RECORD**

I, Mark Barolo, am the Office Director of the Office of Superfund and Emergency Management (which encompasses the office formerly known as the Office of Superfund Remediation and Technology Innovation), within the Office of Land and Emergency Management of the United States Environmental Protection Agency (EPA).

On July 24, 2025, EPA filed the certified index of the administrative record for EPA's final action under the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. § 9601 *et seq.*, titled, "Designation of Perfluorooctanoic Acid (PFOA) and Perfluorooctanesulfonic Acid (PFOS) as CERCLA Hazardous Substances," published in the *Federal Register* on May 8, 2024 (89 Fed. Reg. 39124) ("Hazardous

Substances Rule”). Doc. No. 2067217. The index filed on July 24, 2025, inadvertently excluded the August 2022 Economic Assessment (EPA-HQ-OLEM-2019-0341-0035) (JA098-181) issued with the proposed rule. The certified index enclosed below has been updated to include that document. With the addition of this document, I certify to the best of my knowledge and belief that the attached index lists the documents constituting the administrative record for EPA’s Hazardous Substances Rule. The listed documents are contained in the docket for this action under Docket ID No. EPA-HQ-OLEM-2019-0341 and can be found at <http://www.regulations.gov>.

In witness thereof, I have signed my name this 5th day of December 2025, at
Environmental Protection Agency, 1200 Pennsylvania Avenue NW, Washington, D.C.
